#### JEWISH GIRLS GOING TO PALESTINE

The girls in this group are soon going to Palestine to serve as nurses with the British forces that are wresting the Holy Land from the Turk. They will be attached to the Jewish battalions that are now being recruited in the United States, and instead of the usual Red Cross emblem will wear the traditional Hebrew six-pointed Star of David on their caps. The girls pictured here are but the first of many from all over the United States who will be recruited for service in Palestine.

#### 280,000 MEN WILL BE CALLED IN JUNE

Washington, June 1.—Official announcement is made that 280,000 men will be called to the colors during June. They will be ordered to report June 24, but it has not yet been determined to what camps they can be assigned so the list of appointments for the present is withheld.

The quota is based on the estimates of space available for the men in camps and cantonments. If the rate

of shipment of troops across again is raised still more men may be called. In any event the probabilities are that enough men will be called for special service to round the number out to 300,000.

More than 400,000 tons of ships are released to the United States and the allies by Sweden under the terms of the commercial agreement signed at Stockholm by representatives of the two governments, the state department was notified.

#### "CHEWIN" SAVES MARSHAL'S LIFE

CROWD AT CENTRAL CITY, KY., WATCHES REVOLVER BATTLE—ONE FATALLY WOUNDED.

Central City, Ky., June 1.—Three men engaged in a revolver duel Thursday afternoon while 1,000 persons stood along the street near the postoffice, within 100 feet of the affray. Robert Dau, a Swede, age 25 years, was fatally wounded, while Marshal Jesse Williams was saved from possible death by a piece of chewing tobacco which he carried in his coat pocket over his heart. Night Marshal Ramsey was the other participant and the shots he fired are believed to have struck Dau. Fifteen minutes after Dau's wife was notified of the shooting she gave birth to a baby boy.

Dau had been out of work for some time and it is said had been drinking heavily. He abused his wife and threatened to choke his 3-year old daughter. His wife fearing trouble, had some one notify the marshal.

#### Dau Starts On Warpath.

On learning that the marshal was coming, Dau got his revolver and, after telling his wife that he would not return alive as he intended killing the marshal and probably would be killed in turn, started toward the business section of the city.

He approached Marshal Williams near the postoffice on the main street and without a word, began firing. Night Marshal Ramsey appeared,

coming down a street to the side of Dau. He opened fire and Dau, wounded, staggered to a vacant lot, opposite the postoffice. He continued firing until he had exhausted the bullets in his revolver and even then, crying that he was dying, kept snapping the trigger.

Dau was removed to the home of his father and an examination showed he had been shot in both arms, through the neck, the left lung and the liver. His death is thought to be only a matter of a few hours.

Following the shooting an examination of the plug of tobacco carried by Marshal Williams showed that one bullet had partly imbedded itself in the "chewing."
